

Salah Eddine El Manssouri

Cybersecurity Analyst | Software Engineering Background
+370 607 39 240 | salahedineelmanssourii@gmail.com
Vilnius, Lithuania | github.com/laugerr

Junior cybersecurity candidate with a BSc in Software Engineering and an ongoing MSc in Cybersecurity Management. Practical understanding of application security concepts (OWASP Top 10, Secure SDLC, threat modeling) through academic study and hands-on personal projects. Background in full-stack development (Python, React, Next.js, Django) with a security-first mindset. Seeking Junior Application Security, Security Analyst, or Cybersecurity Analyst opportunities.

• WORK EXPERIENCE

Customer Service Representative

Cupola — RTA 800 90 90 Government Project

Jun 2024 – Aug 2025
Dubai, UAE

- Handled an average of 60+ inbound calls per day for a UAE government transport hotline, resolving licensing, public transport, and trade licence inquiries.
- Managed customer records in internal systems with strict data confidentiality compliance; followed SLAs and escalation procedures.
- Worked in a multilingual, multicultural team — communicating effectively in English and Arabic.

Data Quality Specialist

Thoth IT — TikTok Project

Oct 2022 – Sep 2023
Aachen, Germany

- Processed up to 80 companies per day — collecting and validating data for TikTok user engagement analysis across global markets.
- Identified data anomalies and missing records; produced structured quality reports while maintaining strict confidentiality.

Junior Developer Trainee

Ucode IT Academy

Jan 2020 – Jun 2022
Kharkiv, Ukraine

- Completed structured front-end (HTML, CSS, JavaScript, React) and back-end (Laravel, REST APIs) development sprints.
- Delivered full-stack projects including an online shop and a community forum from design to deployment.

• EDUCATION

MSc in Cybersecurity Management

Mykolas Romeris University (MRU) — EQF Level 7

Sep 2025 – Present
Vilnius, Lithuania

- Cybersecurity governance, risk management, security economics, compliance & regulatory frameworks, incident analysis.

BSc in IT — Software Engineering

Kharkiv Polytechnic Institute (NTU KhPI) — EQF Level 6

Sep 2019 – Jun 2023
Kharkiv, Ukraine

- Software engineering, system design, back-end (PHP, Laravel), front-end (JavaScript, React), databases (MySQL).

• PROJECTS

Cyber Risk Intelligence Platform (CRISP)

Python · Streamlit

2024
crisp-bice.vercel.app

- Cybersecurity dashboard for asset management, vulnerability tracking, ROSI calculations, and SIEM-style alert simulation.

Cyber Risk Calculator

Python · Streamlit · ROSI Model

2024
github.com/laugerr

- Interactive ROSI and ALE calculator to quantify cyber risk and evaluate security investment decisions.

SOC-Lite ThreatIntel Dashboard

Python · JavaScript · MITRE ATT&CK

2024
github.com/laugerr

- SOC simulation dashboard with threat intelligence workflows, alert triage, and MITRE ATT&CK framework mapping.

• SKILLS

Cybersecurity: OWASP Top 10, Secure SDLC, Threat Modeling (STRIDE), Burp Suite, MITRE ATT&CK, SQLi, XSS, CSRF, IDOR, ROSI model, Incident Analysis

Development: Python, JavaScript, TypeScript, React, Next.js, Django, Laravel/PHP, REST APIs, Git, Docker, Vercel, MySQL

Infrastructure & Tools: Postman, GitHub Actions, Streamlit, AI APIs, Microsoft Office, Linux

Professional: Problem-solving, attention to detail, time management, teamwork, cross-functional collaboration, adaptability

• LANGUAGE SKILLS

Arabic — Native English — C1 French — B1 Russian — A2
